**Mark your calendars for an important update
regarding our upcoming gathering.**

The Southern Regional Women's Retreat originally scheduled for October 9–11, 2026, has been officially rescheduled to **September 17–19, 2027**.

This decision was made by leadership due to the passing of the original Planning Team chair, a venue change, the delayed start of the planning & advertising campaigns, and lower-than-expected registration numbers for the 2026 dates. Pushing the event back allows us to rethink our strategy, broaden our outreach, and ensure we deliver the high-quality, impactful weekend our community deserves.

What Happens Next?

- **Registration Adjustments:** If you have already registered for the 2026 retreat, look for a separate email shortly regarding automatic transfers or full refunds.
- **Planning Committee:** The committee will pause operations for the remainder of the year and reconvene in **January 2027** to begin fresh preparations.
- **Get Involved:** If you are interested in joining the planning team or sharing ideas for the 2027 program, outreach will open when meetings resume in the new year.

We appreciate your patience, flexibility, and continued support as we work to make the 2027 retreat our best one yet. Save the new dates, and stay tuned for more details early next year!

Manual on Local Church

Why a Manual on Local Church? Our covenantal structures and practices make the United Church of Christ unique. Since its inception, the United Church of Christ has sought to clarify how we live out covenant in community. Today, The Manual on Local Church is part of this ongoing work to discern and define our structure so that we can engage more fully in our faithful witness in the world.

Handbook for Visitation: Children and Youth

Visiting youth with family members present differs from visiting adults. Meeting the needs of these two distinct age groups simultaneously can be challenging. Some visits will occur in a hospital, while others in pediatric rehabilitation, and many more will happen in family homes.

Steps for preparing for these visits are outlined with activities that engage the child, such as Bible stories, children's literature, songs, and blessings. Prayer options range from simple three-line prayers for younger children to those for youth with specific requests.

Pediatric chaplains and faith leaders are the primary contributors to this book.
